## Farm Groups Doing Good Work

### Farmers Union Convent'n At Vulcan on Oct. 22

(Contributed)

It should not be necessary anywhere in Western Canada to have to plead with farmers to join a farm organization. However, today there seems to be a great impassive feeling, especially in this district, towards getting behind an organization that is working and has worked for the farmers' benefit.

It can't be that the farmer is completely satisfied with conditions that affect agriculture. Listen to the man on the street discussing rises in freight rates, duck damage to crops, shortage of elevator space, no cars to move the grain, etc.

In Western Canada, farm organizations have accomplished much in the past and still stand to do great work for agriculture in the future, providing they can get the backing from the farmer himself through a 100 per cent organization.

Farm organizations have accomplished much. In 1923, the organization of the Alberta Wheat Pool, with 486 elevators, brought to the farmer lower rates for handling grain and a lessening of the spread between street and track prices. The Crows Nest Pass freight rate agreement, still in effect, brought cheaper freight rates on grain hauled to the west coast, bringing a higher net return to the farmer. The setting up of the Canada Grain Act and through it the Canadian Wheat Board gave the farmer a hitherto unknown security of return for his crop and the right to have grain graded through the Board of Grain Commissioners has also been brought about largely through the efforts of farm organizations.

The Farmers Union of Alberta, an organization with the motto of "Service and Security", is holding a convention in Vulcan on Wednesday, Oct. 22, and all interested farmers are invited to attend.

The convention starts at 10 a.m. in the L.O.O.F. hall with reports of executives and locals and at the afternoon session, starting at 1:30 guest speakers from the provincial office of the F.U.A. will be present. Resolutions and other business matters will conclude the business session.

At 7 p.m. a chicken supper will be served in the basement, followed by a dance which will feature square dancing demonstrations, a square dance competition and door prizes.

### Floor Price For Cattle Explained

Because of possible confusion that may have been caused in recent news stories designating "unfinished" cattle as "light" and "finished" cattle as "heavy" for purposes of price support, the Department of Agriculture today offered the following clarification:

"Price support is not limited to cattle making carcasses of 700 lb. and up, but 'finished' carcasses of 700 lb. and up are receiving the higher 25-cent price support, basis 'good' steers Toronto, up to November 15th.

"Properly finished cattle of lighter weights, however, are being supported at the 23-cent level, basis 'good' steers Toronto, during this same period.

"Following November 15th the only level at which cattle will be supported will be the 23-cent rate, basis 'good' steers Toronto.

"If the U.S. embargo has not been removed by April 1, the support price on all properly finished cattle will then go up to the 25-cent level, basis 'good' steers Toronto."

Department officials stressed that the distinction is not one of weight but of finish and quality. Finished cattle are being supported. Stocker and feeder cattle are not being supported until they are fed and brought to market ready for slaughter when the support price of 23 cents for "finished" cattle will apply and if the United States embargo has not been lifted by April 1, 1953, the support price for "finished" cattle will be increased to 25 cents.

A Thanksgiving fowl supper, bazaar and fish pond will be held at the Ensign hall on Wednesday, Oct. 15. Supper from 6 to 8 p.m.

## Lomond News

### Lomond Also Has Train Troubles

Milo is not the only district to wonder where the train can be. We used to blame it on the gophers, now it's ducks, what will it be next. One thing for sure, its not the empty cars they are bringing to Lomond, for they are few and far between. Seems to us all the crew do when in Lomond is sleep or rest, so the attraction can't be here.

Mr. and Mrs. Raymond Elliott were visitors in Nanton last Saturday. Their little daughter Wendy is staying with her grandparents and going to school there.

Mrs. Ed. Knodell of Medicine Hat is visiting at the home of her family, Mr. and Mrs. Tom Teasdale.

A wedding dance will be held in Lomond on Friday evening, Oct. 10 in the Lomond Community Hall. Dance will be put on by Isabel Bahsler and Verne Volesky who are being married that day.

Mr. and Mrs. Pete Stokes and family motored to Calgary on Tuesday. They were accompanied by Mrs. Stokes' brother, Stan Susinski.

Cpl. and Mrs. Bob Taylor and son of Toronto are returning home Wednesday after spending a month at the home of Mrs. Taylor's brother and sister-in-law and family, Mr. and Mrs. Earl Helland.

Miss Elaine Kovach, who has been employed as secretary of the Special Areas Office in Lomond is now being transferred to the office in Hanna.

Rev. Jacobson of the Evangelical Lutheran Church in Enchant held a meeting in the Community Hall on Sunday evening, Sept. 28, to see if people were interested in having church services held here.

It was decided that the first service is to be held on Sunday, Oct. 12 at 7 p.m.

Mrs. White of Edmonton is replacing Miss Elaine Kovach as secretary of the Special Areas in Lomond. Her son Charles Jenkins will make his home with her and attend school here.

Mr. and Mrs. Harris Caufield and family spent the weekend in Calgary where they attended the Rugby game between the Calgary Bronks and Edmonton. Mrs. Caufield's brother, Wayne Benson, plays with the Calgary team.

Hirst Goldthorpe was a visitor in Calgary on Monday.

Mrs. R. Frost and little daughter Marilyn left for Calgary on Sunday where they will spend several days.

Mrs. Vaile and son Ricky have returned to Calgary after spending several weeks visiting her son Alan of Lomond.

Miss Ethel Honess spent the weekend in Lomond visiting her parents, Mr. and Mrs. R. J. Honess. Miss Honess is taking a beauty course in Lethbridge.

Mr. and Mrs. George Arrow-smith were visitors in Lethbridge on Monday. They were accompanied by Mr. and Mrs. Thomas Teasdale.

Edward Cherkas of Edmonton was a visitor in Lomond last week end.

Mrs. Alex Montgomery and family returned to Lomond last week after spending several weeks at Mrs. Montgomery's home in Mores, Sask. while their new home in Lomond was being erected.

Mr. and Mrs. Wm. Henriksen and family of Taber were guests at the home of Mr. and Mrs. S. G. Craig last Sunday.

Congratulations are extended to Mr. and Mrs. W. J. Melton on the birth of a baby in the Vulcan Hospital on Monday, Sept. 22.

**Good Will Service Club**  
The regular monthly meeting of the Good Will Service Club was held at the home of Mrs. Phil Chapman on Thursday evening, Sept. 25. Fourteen members answered the Roll Call which was to bring a food article with you to sell after the meeting. There were also four visitors present. The meeting opened by reading the Creed. Following the minutes of the former meeting and the treasurer's report most of the evening was taken up by making plans for a chicken supper. It has been decided that the supper be held on October 17 from 5:30 to 8:30 p.m. It is also hoped that the hall board will sponsor a dance the same evening but as yet this is not known. After the business part of the meeting was concluded the Auction Sale of the Food Articles was held with the president, Mrs. K. Sokvitne acting as auctioneer. Proceeds from the sale were \$1260. The nickel draw was then held, the lucky winner being Mrs. Mc-

### Stampede Cheer Patients

Patients at Alberta's Red Cross Crippled Children's hospital were sure they were the luckiest kids in town Wednesday when members of the Calgary Stampede Football team dropped in for a visit.

As sports-minded as any other youngsters, the patients could hardly contain their excitement when Les Lear, Ed Champagne, Stan Heath, Bob Mike and Sugarfoot Anderson made bed-to-bed and ward-to-ward calls. Cries of "Where's Sugarfoot?" preceded the party down the corridors as the youngsters vocally expressed their excitement.

Johnny Bright of the Stampede was originally scheduled to join the party but as an appendectomy stood in his way, Les Lear brought long Bright's number "43" sweater and helmet and let the kids try them on. All were football stars for a time and their grins evidenced their thrill.

Over in the gymnasium, four-year-old Lorne donned a miniature sweater to show that he intended playing football about 1965. He posed happily (above) for photographs with Sugarfoot and Bob Mike, the former holding the famous football with which the Stampede won the Grey Cup in 1949. The football is a prized possession at the hospital.

As always during special visits to the hospital, autographs were the order of the day. Books, slips of paper, toys and of course casts on small limbs were all duly signed by the players.

### Mrs. A. Scharff Dies at Saskatoon

Funeral services for Mrs. A. Scharff, 51, were held in Saskatoon, Sask., Monday, Oct. 6th, at 2 p.m. from McKague's Funeral Chapel, conducted by Rev. D. Thomas.

Mrs. Scharff, who died very suddenly is survived by her husband, Arton Scharff, Saskatoon, one son, Wilred, Edmonton; 3 daughters, Mrs. D. Porter, Regina, Mrs. D. McMurry and Miss Deanna Scharff of Saskatoon; ten grandchildren; her parents, Mr. and Mrs. C. Schuler, Vulcan; one sister, Mrs. J. Hanna, Vulcan; four brothers, Fred Schuler, Bodmin, Sask., Jack, Vancouver, B.C., Carl, Calgary and Pete, Vulcan.

Burial was made in Woodlawn Cemetery, Saskatoon.

Mrs. Scharff had many acquaintances in Vulcan, having visited here on several occasions.

Mr. and Mrs. Pete Schuler and Mr. and Mrs. Jack Hanna attended funeral rites at Saskatoon.

### Cancer Meeting On Oct. 16

R. N. Talbot, Executive Director of the Alberta Division, Canadian Cancer Society, will be the main speaker at a public meeting to be held in the Vulcan Theatre on Thursday, Oct. 16th, under the auspices of four local Women's Institutes.

Mr. Talbot will describe progress being made in research into cancer's causes and cures during the past year and report on the progress of the Dr. John S. McEachern Cancer Research Laboratory, the Cancer Society's gift to the people of Alberta, which will be formally opened at the end of this month. The Laboratory was made possible by the annual contributions to the Cancer Crusade during the past three years.

Mrs. N. S. Symons of Calgary, Campaign Chairman for the Calgary and Southern Alberta Division in the Cancer Crusade, will also speak to the meeting.

A feature of the afternoon's meeting will be a showing of the latest cancer films, which are part of the Society's public education program, designed to bring the facts about cancer before the people of Alberta. The meeting, which is open to the public, will commence at 2:30 p.m.

Phil, one of the visitors. Meeting was then adjourned. Program for the evening were two contests given by Mrs. L. Chase. Both prizes were won by Mrs. Addie Craig. A delicious lunch was then served. Next meeting will be held at the home of Mrs. Ken Sokvitne.

### Next Monday Is Thanksgiving

Next Monday, Oct. 13, is Thanksgiving Day and a public holiday. Local stores and most other places of business will be closed and householders are reminded to stock up for the long weekend.

### Harvest Is Completed

Ideal weather conditions have prevailed the past week, with warm, sunny days. Harvest is practically completed, all that remains to be combined is the odd late or hailed field.

Delivery quota at Vulcan still remains at 5 bushels per acre.

### Mother of Local Man Passes

Mrs. M. B. Nickerson of Dapp, mother of Kenneth Nickerson of Vulcan passed away at the Westlock hospital on Oct. 5 after a lengthy illness. She was 67 years of age.

She is survived by her husband; two sons, Kenneth of Vulcan and Amos of Prince George, B.C.; and eight daughters, Mrs. C. Christensen, Mrs. Tom Moore, Mrs. Leo Bouten, Mrs. Henry Wasby and Mrs. Max Ziese—all of Dapp, Mrs. G. Swaren, Camrose, Mrs. George Schneid and Mrs. Millie Harris, Raymond.

### Recent Births At Local Hospital

The following births have been recorded at the Vulcan Municipal Hospital during the month of September:

- Sept. 11, to Mr. and Mrs. Laurence Umschied, Milo, a son.
- Sept. 15, to Mr. and Mrs. Maynard Bakken, Vulcan, a son.
- Sept. 22, to Mr. and Mrs. James Melton, Lomond, a son.
- Sept. 22, to Mr. and Mrs. Neil Giles, Vulcan, a son.
- Sept. 26, to Mr. and Mrs. John Trewin, Vulcan, a son.
- Sept. 28, to Mr. and Mrs. Gordon Lucas, Armada, a daughter.
- Sept. 30, to Mr. and Mrs. Wm. Engen, Vulcan, a daughter.
- Sept. 30, to Mr. and Mrs. Wm. Nolan, Vulcan, a son.

## \$10,000 Damage at Red & White

### Early Morning Blaze Guts Grocery Store, Meat Mkt.

An early morning fire did about \$10,000 damage to the stock, fixtures and building of the Red and White grocery store owned by Fulton Bros. and to the meat market operated in the same building by Roger Middleton, on Sunday.

The alarm was turned in about 3:45 a.m. Sunday and it is thought the fire had been burning about an hour before it was discovered and the alarm turned in by Miss Shirley Helmer of the telephone staff.

The volunteer fire department and other citizens responded quickly and although the fire had eaten into one wall of the brick building it was soon brought under control by the fire-fighting crew under Fire Chief Jim Shortt.

It is thought that the fire was caused by a short circuit in the butcher shop's deep freeze unit, as actual fire damage was confined to that corner of the building. Heat, smoke and water accounted for most of the damage to stock and fixtures and to the interior of the building.

Greater part of the loss is covered by insurance. A rush alteration job is being done on the former Calgary Power office building, now owned by the Vulcan Theatre, and the grocery store will re-open for business in the new location this weekend. A fire sale to dispose of the water and smoke damaged stock will be held in the old Town Office starting early next week. The town office will be located in the Mitchell building's new annex until such time as the proposed new town office is built.

### New School Supt. Is Appointed

A. L. Schragg, formerly superintendent of schools at Spirit River, Alta., has been appointed superintendent of schools for the County of Vulcan and will be taking up his new duties the end of this month.

Mr. Schragg has purchased the R. B. Middleton residence and, with Mrs. Schragg and their two sons, will take up residence in Vulcan. Presently acting as superintendent of the County schools is R. M. Ward, who has been filling the position until a permanent appointment was made by the Department of Education. The former superintendent, Hugh Wilson, is now employed with the Department at Edmonton.

For Mr. Schragg, the new school superintendent, this will not be the first time he has lived in Vulcan. He resided here for about three years when his father was minister of the Vulcan United Church from 1917 to 1919.

### Follow Up On Duck Problem

Although duck damage to crops was considerably less in the district this fall, due to favorable harvest weather, the matter of duck control is not being dropped and the Vulcan District Board of Trade is keeping in touch with Ottawa.

The following letter was sent to Ottawa this week and is reproduced here as a matter of interest to farmers of the County.

October 7, 1952.  
Canadian Wildlife Service,  
Dept. of Resources & Development,  
Ottawa, Ontario.

Re: Crop Damage by Migratory Birds

Mr. W. W. Mair,  
Dear Sir:

We are indeed pleased that you have completed a survey on this matter and that action is definitely promised. We wish to commend these appropriate steps and we will be looking forward with keen anticipation to the forthcoming control measures, trusting that you will find some solution or solutions, that will be satisfactory to all those concerned.

We feel sure that you now realize that our concern about the great damage done annually to crops by ducks and other migratory birds is truly justified. It is an annual problem that ranks of prime importance with other crop hazards such as grasshoppers, hail, drought, frost, etc., except that it is much worse in that we have it every year, that there are no satisfactory control measures (as yet) and that there are no means available of protecting ones self against it or of getting any compensation even when losses are most extensive.

We feel sure that you will now realize, that while scare methods do have some small measure of success for the odd individual, they only succeed in sending the marauding ducks over to the neighbors and nothing is actually accomplished in reducing damage to the crops.

We realize this will be a difficult problem and one that does not have a simple remedy, and I am instructed to take this opportunity to offer the services and facilities of the Vulcan and District Board of Trade and its members in any way which will help you to arrive at a satisfactory solution (or solutions) to this vexing and costly problem.

We have been in touch by mail with your Mr. H. R. Webster, who has just been stationed at Edmonton and are looking forward to his impending visit to Vulcan and district.

Yours, for less duck damage to crops, we are,  
Yours truly,  
J. Lundy Findlay,  
President, Vulcan District Board of Trade.

While we don't recommend such stiff punishment for every such offence, there ought to be a lesson in this. Swearing in public is not only in bad taste but is a crime. What people say in private is their own business, but they should know enough to hold their

tongues in public. They can't go around spluttering mud on people, yet some people take more offence to harsh cuss words than to a spot of mud. Indecent exposure is their own business, but they should know enough to hold their

tongues in public. They can't go around spluttering mud on people, yet some people take more offence to harsh cuss words than to a spot of mud. Indecent exposure is their own business, but they should know enough to hold their

FOUND Flare or tool box, probably off truck, on west road. Owner to pay for this ad. Apply at Advocate office. 8-3c

### Masters of Fiction

(Drumheller Mail)

The greatest fiction writers of our time are fellows turning out the road signs dotting profusely the main highways of Canada and the United States.

The road signs, if you watch them with the tired inquisitive eyes of a traveller, more than 40 per cent of the time baffle the situation.

In some wooded areas there will be a sign reading "game crossing". A careful search might reveal that the last time wild animals crossed the roadway they were bushwacked by occupants of a covered wagon.

The "slow stock crossing 300 yards ahead" is another warning more than 40 percent of the time misplaced, for an inspection often proves that the area is entirely seeded to grain crops.

"Winding Road Ahead" is the shaft of sarcasm of the road sign writer usually found by the tourist as he nears the end of a few miles of right and left 90 degree angle turns.

The supreme effort of the most seasoned of road sign writers can be found at the top of a hill a few miles inside the Canadian Border at Newgate. The artist uses several signs in driving home his message. Sign one says "Blow Your Horn"; sign two "Go in Low Gear"; sign three, "Winding Hill"; sign four "Drive Carefully."

### CARD OF THANKS

I wish to thank the staff of the Vulcan hospital, the doctors and friends and organizations for their many kindnesses during my stay in hospital.

1-c

—Mrs. W. Brinton, Kirkcaldy.

### Protecting A Large Investment

Farmers today are faced with the necessity of allocating a fairly large proportion of their total farm investment for necessary machinery and equipment. This fact is clearly illustrated by the increase in the number of tractors, combines, and pick-up balers now in use. Accurate estimates reveal that during the past 10 years tractor populations have trebled; the number of combines in use have increased nearly five times; and pick-up baler sales have increased from nearly nothing to about 10,000.

The large investment involved makes it advisable to consider adequate measures for the protection of the equipment. Protection against unnecessarily rapid deterioration can be obtained by two major steps. First, machinery should be inspected for repairs that will need replacement before another season rolls around. These repair parts should be ordered well in advance as assurance that the machine will be ready when required. Incidentally this helps the dealer to make provision for adequate seasonal repair stocks.

The second step is adequate protection of rubber tires, unpainted metal parts, and wooden parts from the ravages of natural weathering. In many cases the provision of adequate storage shed facilities may not be possible or advisable. However, the use of paint, rustproofing materials, and protective paints or covers for rubber can be readily utilized by all operators.

Rustproofing compounds properly applied to shiny metal surfaces have given adequate protection to metal for periods exceeding twelve months at the Lethbridge Experimental Station. Heavy gun grease will give protection for a period up to three or four months. Used oil will provide protection only for a very short period.

Equipment mounted on rubber can be blocked up and the tires painted or protected from sunshine, excess moisture, and grease by a preservative paint or canvas cover.

The time required to properly condition equipment for storage is not great and in view of the funds invested would appear to be well worthwhile.

**Why Gamble on Prices Next Spring?**

**PLACE YOUR ORDER FOR MARVELUBE OIL AND GREASE NOW!**

IF PRICES RISE BETWEEN NOW AND NEXT SPRING—YOU PAY TODAY'S PRICE.

IF PRICES FALL YOU PAY ON THE BASIS OF THE LOWER PRICE.

This is an offer we've been making year after year... and more and more farmers are finding it pays. The offer is open until Dec. 31st. Nothing to pay down—pay only on delivery sometime between Feb. 1st and April 30th. If prices rise between now and spring delivery you pay today's price. If prices drop between now and spring delivery you pay on the basis of the lower price. No matter what way you look at it you have everything to gain and nothing to lose. Don't delay. Place your order now!

Vulcan

*"... saved me days, perhaps weeks, of work"*

After returning from his first trip to the West, a business man wrote his bank:

*"I arrived having no idea where to start in to make the connections I required. The thought occurred to me that perhaps the bank, which has been very helpful to me on numerous occasions, would give me some guidance. Mr. W. proved to be of tremendous help. He introduced me to the people I should have met and saved me days, perhaps weeks, of work."*

Every chartered bank works this way. Whether you walk into your neighborhood branch or one a thousand miles away, you will find the same full range of banking service—and the same readiness to help.

This advertisement, based on an actual letter, is presented here by

**THE BANKS SERVING YOUR COMMUNITY**

## Milo News

Last week one of the announcers on the radio who was comparatively new to this part of the country, was raving about the beauty of the countryside as he had seen it when he and his family took a Sunday drive. Apparently they had driven toward Turner Valley from Calgary and had seen many of the wooded hills and valleys that make up so much of that district. To him the beauty of the river flats, ablaze with the flamboyant colors of autumn were a wonder and miracle for he simply didn't realize that such color and brilliance existed in this part of the world. To him such color belonged only to Eastern Canada where the sugar maples make history every year. But isn't it a pity that we have to hear about the beauty of our own country from a stranger. That we are too busy to take just such a Sunday drive and see for ourselves what nature has provided for a fall symphony. But then we have to get the harvest in and clean up our work before winter comes so the fall beauty is lost in the rush and to all too many of us, the winter follows the summer and there is no such thing as autumn.

Mr. and Mrs. Ethan Bosisto, accompanied by their son and daughter-in-law, Mr. and Mrs. Albert Bosisto, were visitors in the community last week. Mr. Bosisto Sr. owns land in the district and likes to make a yearly visit to see at least some of the harvesting.

Mr. and Mrs. John Martin were visitors at the home of Mr. and Mrs. Olie Uland last weekend.

The local F.W.U.A. plans to have the annual chicken supper in the L.O.O.F. hall on Oct. 11. Watch for posters giving the details.

The smell of burning leaves certainly goes with fall but precautions should be taken that it does not go too far. There have been several small fires in the town and country these past few weeks but as yet they haven't amounted to anything. The fire siren has been blown twice but both times there was only a small grass fire and it was not hard to put out. However, it is so easy to start a small fire and have the wind suddenly catch it and it becomes a big fire in a big hurry. Let's not forget the one that rampaged through the lease clear to Armada not so very long ago.

Harvesting operations seem to be pretty well over in this community for this year except for the crops that got hauled and are coming back. Some of these late crops will take several weeks yet to reach maturity. As a general rule however, most of the farmers are heaving great sighs of relief that they do not have to worry about whether to harvest or seed first next spring. On the whole the yields were good with some crops going as high as 50 bushels to the acre and a few claims of even more than that. So it can be said that this district has had another good year to counteract some of the so bad ones that happened not too long ago.

Mrs. Deitz wishes to thank, on behalf of the Lutheran Ladies Aid, the many donors who have responded so promptly and generously to the appeal for used clothing for needy Europeans which was published last week. Many parcels have come in and all are gratefully appreciated.

Sam Gailey recently returned from the Holy Cross hospital in Calgary where he underwent an operation. A speedy recovery is wished him on his return home.

Miss Marjorie Deitz left at the first of the week for Hardisty where she is to be employed as a nurse on the staff of the local hospital.

Mr. and Mrs. Dan Casey and family of Calgary were weekend visitors at the home of Mr. and Mrs. Russel Mills. They were accompanied by the former's mother Mrs. W. W. Casey, who at the age of 73 took her first air plane ride when she went up with Mr. Mills. Mr. Mills thought that she might be nervous so he took her up for a very short ride, not staying up more than a few minutes. After they had landed and Mr. Mills found that she was not the least bit nervous in spite of her years and it being the first experience of that sort that she had ever had, they went up again for a real ride and she enjoyed every minute of it. So another old adage gets thrown to the winds and no one can tell Mrs. Casey at least that an old dog can't learn new tricks.

The United Ladies Aid is sponsoring a drive for the Canadian Institute for the Blind, which started Sept. 15 and lasts until Oct. 15. The whole community is to be canvassed during the drive.

Mrs. Pete Will recently underwent an operation in the Vulcan hospital and at this time no word has been received of her condition.

Mrs. J. M. Thomson Sr. had a tea for her daughter Jean last week before the latter returned to Banff where she is employed as a nurse in the Banff Springs Hospital.

Mr. and Mrs. Bill Herman of Calgary were down visiting with their sons for a few days last week.

Earl Mortz, who regularly brings the shows to Milo, and has for some time organized square dancing for adults, has now taken on the added job of instructing the small fry in the arts of the do-si-do. Every Wednesday afternoon at three thirty they congregate for a session of old time square and round dancing and of course the youngsters love it. Won't be long before the kids will be able to show the old folks some new calls so they won't have to go to a dance and dance the same old calls over and over again, because they don't know anything new.

Here's what the old album yields for this week's amusement: The couple stood on the doorstep. Their lips were tightly pressed. The old man gave the signal. And the bulldog did the rest.

### With The District Agriculturist

Hugh Michael

#### Bang's Disease of Cattle

This disease is the most infectious cattle disease in Alberta, affecting both beef and dairy herds. It is important for two basic reasons: (1) causes an estimated annual \$2,000,000-\$3,000,000 loss to Alberta cattlemen; (2) causes several cases of undulant fever in humans in the province every year, as the disease can spread from cattle to man.

The high loss is calculated on the number of calves born prematurely in infected herds, the lowered milk production for that lactation period in dairy herds, lowered value of infected animals and other effects of the disease. An example of the loss is as follows: A cattleman in Alberta in the spring of 1952 had 32 cows give birth to their calves prematurely due to Bang's disease. All were

dead. They were worth money, of course, but if they had lived, they would have been worth a lot more in two years for finished beef. In two years at \$300.00 a piece, they would have meant \$9,600.00 extra to the owner. Now, due to Bang's disease he is going to be short that income. That's a lot of money to lose. That loss could have been prevented very easily if that cattleman had started 1 or 5 years ago to build up a Bang's resistant herd through calfhood vaccination. Give this serious thought. Losses due to Bang's disease can be prevented. If you have a clean herd now, protect your income and also the health of your family by building up a Bang's resistant herd. Don't wait until you have the disease in your herd or your neighbor's herd across the fence.

Start now—Delay may be costly. Make arrangements with your veterinarian to get your heifer calves vaccinated every year. Or list them with your District Agriculturist or Agriculture Service Board. A bulletin on Bang's disease is available from your District Agriculturist.

The Alberta Department of Agriculture recommends calfhood vaccination coupled with good herd management as an economical and practical way to prevent and control the disease. The co-operation of all cattlemen will be greatly appreciated in building up Bang's resistant herds by having all heifer calves vaccinated this fall.

Canadians, in the first quarter of 1951, are chewing less gum than a year ago. They're not eating so much candy either.

**... in the savings field!**

More than a million Canadians have found Canada Savings Bonds to be a safe, sound, method for systematic saving—and the building of a comfortable cash reserve.

They offer you a convenient way to save for the better things in life that you want for yourself and family.

In the meantime your investment stands as an always available source of cash to meet emergencies that might crop up.

Canada Savings Bonds—Seventh Series—mature in 10 years and 9 months. They pay an average of 3.44% per year if held for this full term. The bonds are cashable at full face value plus interest at any time at any bank in Canada. Each bond bears ten 3 1/2% coupons—the first of these being payable on August 1st, 1954 (1 year and 9 months from date of issue). Subsequent coupons become payable August 1st yearly thereafter until maturity. If the bond is cashed before the first coupon becomes payable simple interest is paid at 2.14% per year calculated monthly. The average return per year gradually improves the longer the bond is held until it reaches 3.44% at maturity. The Seventh Series is available in denominations of \$50, \$100, \$500, \$1000 and \$5000 and the limit for holdings in any one name is \$5000. The bonds are registered in the owner's name. They are non-assignable and non-transferable. They may be purchased from investment dealers, banks and other savings institutions or through the Payroll Savings Plan.

## Carmangay

Mr. and Mrs. Bob Hubka and Mr. and Mrs. Rudy Hubka and families motored to Magrath Sunday to visit the St. Mary's dam site.

The school initiation got off to a good start Thursday morning with the Grade nine girls wearing gunny sack dresses and bathing caps, and the boys wearing frilly dresses and make-up.

A well attended party on the evening of Friday the third, concluded the initiation. The entertainment consisted of dancing, singing, playing games, and trumpet and guitar solos by David Shearer and Vernon Soderquist. Many visitors from Barons and Champion were present. Lunch was served.

Mr. and Mrs. Peter Frank of Black Diamond were weekend visitors at the home of Peter's mother, Mrs. H. A. Frank.

Chas. Stettner of Calgary was a recent guest at the home of his brother and sister-in-law, Mr. and Mrs. Ed Stettner.

Mr. and Mrs. Vernon Frank of Quesnel, B.C. recently visited the home of Mrs. H. A. Frank.

Mr. and Mrs. John Reiter left for their home in Vancouver after spending an extended visit in Carmangay and district.

Baby boys were born to Mr. and Mrs. Armande Stafford and to Mr. and Mrs. Orville Smith in the local hospital.

**American Combine Outfits Help Harvest District Crops**  
Several of the combines which have been harvesting bumper crops in the Carmangay district have had an unusually long run

this year—long in terms of time and mileage.

They have been harvesting many different grains since latter May, from the winter wheat fields of Texas to the spring wheat fields of this district. The machines and operators are working on the custom basis at \$3 to \$4.50 per acre.

At least eight combines, all of the self-propelled type and cutting a 14 foot swath, were brought to the district in recent weeks from the U.S., thus reversing the normal practice of Southern Alberta combines going into the United States for custom work.

The combines, which were brought here from Kansas and Nebraska, make harvesting crops a regular business. The machines are moved the long distance on large trucks which are also used to haul wheat from the combines. These trucks haul an average of about 250 bushels per load.

Starting with the winter wheat in Texas more than four months ago, the units moved steadily northward, following the harvest. They had finished operating in Montana when their owners learned of the bumper crops in Southern Alberta and sought out special permission to bring their outfits here.

As they finished operating in these districts, the outfits are moving northward were harvesting is still in full swing.

One of the units which operated in this district now has threshed nearly 100,000 bushels of wheat this year, taking the crop off 3-100 acres along its northward journey from Texas.

The combines brought here from the United States were equipped only for straight combining and due to the fact that most of the crops were swathed, they were obliged to purchase pick-up attachments for their outfits.

## District News

From Our Correspondents

### LOMOND

Glen Armstrong returned home on Thursday from Vulcan where he was a patient in the hospital for the past two weeks.

Hirst Goldthorpe was a business visitor in Calgary last week. He drove his new two-ton truck to Calgary where he exchanged it for a new three-ton Ford.

Mrs. Floyd Hammer and daughter, Margaret spent the weekend in Vauxhall at the home of Mrs. Hammer's parents, Mr. and Mrs. Chris Pfaff.

Friends will be pleased to learn that Mrs. Fred Hart has been able to return home. Mrs. Hart recently underwent an operation at the Galt hospital in Lethbridge.

The Good Will Service Club are holding a chicken supper in the Lomond Community Hall on Friday, Oct. 17. The supper will be followed by a dance sponsored by the hall board.

The St. John ladies' Guild meeting will be held at the home of Mrs. Harry Asseltine on Thursday afternoon, Oct. 16.

Friends will be pleased to learn that Mrs. Alex Fraser has returned home after spending sometime in the hospital at Calgary.

Mrs. Stan Craig and son James spent several days in Calgary last week, returning home Monday with Mr. Craig who was a week end visitor.

Mrs. Norman Erskine is spending the weekend in Calgary visiting relatives and friends.

Congratulations are being extended to Mr. and Mrs. Stan Cherkas who are the proud parents of a baby boy Donald Mitchell, born on Friday, Oct. 3.

Miss Lillian Armstrong of Calgary spent the weekend at the home of her parents, Mr. and Mrs. Earl Armstrong, returning on Monday, accompanied by Mr. and Mrs. Armstrong.

Mr. and Mrs. Ernie Donaghy were weekend visitors in Lethbridge.

Correction: Stan Cherkas was not a dinner guest at the home of Mrs. J. Soper, as previously reported. Sorry that such an error was made.

Miss Marion McAllister has resigned her position in the Treasury Branch in Vulcan and is now at home preparing for her wedding which will take place in the near future.

Mrs. Doug Walker is spending a few days in Calgary visiting her mother.

## FIRE PREVENTION WEEK OCTOBER 5th - 11th

Is required of us, ONE and ALL

FIRE PREVENTION does not happen. It is caused by the efforts of thoughtful men and women. Find out what you need to know about fire safety; this is a week proclaimed for that purpose. WORK IN CO-OPERATION with your Fire Department. The fire inspection service of modern fire departments, is developing to keep pace with modern machinery for fighting fire and more extensive training for firemen. Fire waste hinders progress. Death and destruction by Fire can be prevented by remedy of fire hazards and by knowing what to do in case of fire.

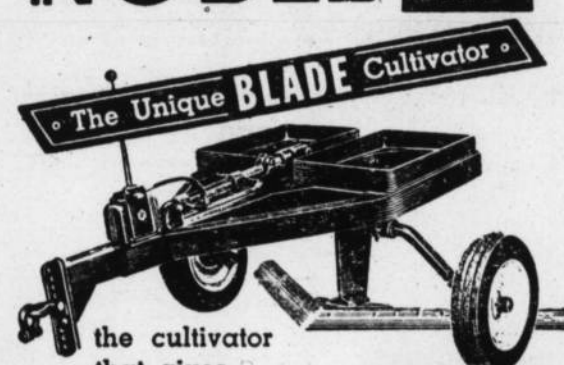

"HELP REDUCE ALBERTA'S FIRE WASTE"

Hon. C. E. Gerhart  
Provincial Secretary

Fire Commissioner  
A. E. Bridges

## NOBLE MODEL M

the cultivator  
that gives

**Outstanding  
Performance**  
IN CHANGING SOIL CONDITIONS

For better penetration in extremely hard ground. For extra deep work.

Best for reasonably firm soils and most ordinary conditions.

For sandy soils and very loose-textured black soils, particularly where grassy patches occur.

For all weeding and summer fallow work after the ground has been loosened by the regular blade. Fits on the same lug as the regular blade.

Designed to handle ALL SOIL CONDITIONS easily, Noble Cultivator attachments can be supplied for any soil condition. No cultivator without attachments can suit all conditions. Even where a plow will not penetrate, as for after-harvest work in certain dry baked soils, the Noble straight blade attachment will usually penetrate and work satisfactorily.

For weeding and second stroke summer fallow work the weeder blade is readily interchangeable, going on the same lug as the regular shovel blade. This weeder assures a better weed kill than the ordinary blade and should be used wherever the ground is sufficiently loose that it will penetrate. It clears through, penetrates and with-stands rocks where the ordinary rod weeder will not.

The Model M shown above is very popular for use with Noble quadriga hitches, from two to seven in a unit, for large power.

Write for information, stating your soil type and tractor power.

Fifteen years' experience under all field conditions is behind this cultivator. We welcome comparison in field tests with any other tillage equipment.

## District News

### ARMADA

(Last Week's News)

Miss Mary Magella, who is attending the Calgary Business College spent the weekend at the home of her parents, Mr. and Mrs. M. Magella.

Miss Doreen Marks, daughter of Mr. and Mrs. W. Marks visited her home over the weekend. Doreen is attending classes at the Mount Royal College in Calgary this term. The community extends good wishes and success to both these young Armada girls in their studies.

Belated congratulations go out to Mr. and Mrs. M. Bakken on the birth of their son, Howard Martin at the Vulcan hospital on Sept. 18. Congratulations to Buck and Nora.

Mr. and Mrs. Fred Oakes and family formerly of Ensign have taken up residence in the parsonage. A hearty welcome to the Armada district is extended to the Oakes family. Mrs. Oakes will teach the Junior room while Mr. C. Tuttle resumes his duties as principal.

Mr. Glen Root is operating the school van serving the northeast section of the Armada district. Wonder how he's making out on that new school van road the County built? Are you managing to dodge the boulders, Glen?

Mrs. W. Marks was a business visitor to Calgary last week.

Gwenie Marks is home again after spending some time in hospital in Calgary and Vulcan.

(This Week's News)

Martin Urdal arrived in the district last weekend to visit his niece Mrs. H. Howell and nephew. Joe Urdal. It has been 25 years since he has been in Armada. He now resides in Vancouver.

Another new face has been added to the district as Randolph Boe of Battleford, Sask. has taken up residence in the farm buildings just west of Bill Marks. Mr. Boe is a brother of Chris Boe. A hearty welcome to Armada, Mr. Boe.

M. Graham has been visiting his wife, Mrs. Graham, and son Vin-ald for the past two or three weeks. He resided in the United States.

Mr. and Mrs. Ed Howell and family were visitors to Lethbridge last weekend. Since then we catch a glimpse of them every once in a while floating by with a proud twinkle in their eyes, in a brand

spanking new 1952 Nash car. Mr. and Mrs. M. Magella and son George spent the weekend in Lethbridge.

Mrs. Betty Bohnet and Bryan accompanied the Magella family to Lethbridge last Saturday returning here three-month old niece, Ava Marie home to her parents, Mr. and Mrs. O. Barietta. Ava Marie spent a week as guest at the Bohnet home. Betty's parents, Mr. and Mrs. Marietta of Manyberries, Mr. Bill Wilson and Mr. and Mrs. O. Mawetta and family then returned to Armada with Mrs. Bohnet and spent the weekend here.

The little shack just across from George Brotherhood has recently undergone a face-lifting. It has been re-sided with stoneboard siding, greatly improving its appearance. It is understood that it also received a complete redecorating job inside as well. Jack Brotherhood will take up residence in this for the winter.

Congratulations go out to Mr. and Mrs. G. Lucas upon the arrival of their infant daughter, Wendy, last Saturday, Sept. 27 at the Vulcan hospital. A sister for Sharline, Sheila and Dorothy.

Glen Root has secured a new school van for his route.

A survey crew, supposedly working for the Rogers Exploration as that's the name painted on the vehicle doors, are scouting the district this week and decorating several posts with long orange streamers. Do they really think there's oil in Armada.

Elmer Sealock of Calgary is a visitor in Armada, helping his brother Glen with harvest operations.

It is understood that Mr. and Mrs. C. Boe recently had company from Washington. Their names were not available at time of writing but we do know it was Mr. Boe's sister, his niece and her husband.

Harvesting operations are nearly completed in Armada with the exception of the halled portion of the district. Yields were very good this year some fields averaging 45 to 50 bushels per acre. The halled crops are all swathed now, however they are curing up very slowly. Some fields received frost damage.

A terrific windstorm lashed the district last Thursday moving

many obstacles in its path. The air was filled with dust, cardboard boxes, paper, leaves and whatnot for an hour or so. Many haystacks were damaged whether they were wired down or not.

The Armada Community Club held their monthly meeting in the Legion hall Wednesday afternoon. G. Sealock acted as hostess. Lunch was served by Mrs. S. Marks, Mrs. V. Williams and Mrs. I. Magnusson.

### ENSIGN

Mr. and Mrs. H. Fisher and small daughter of Carmichael, Sask., were visitors at the home of the latter's parents, Mr. and Mrs. E. Thorp.

Mr. and Mrs. Joe Oullette of Calgary were visitors at the G. Flebotte home last week.

Mr. and Mrs. Mote, Lyle and Charlie Mote journeyed to Calgary on Monday where Lyle and Charlie left for their home in Ontario.

Mr. and Mrs. Harold Hansen were Calgary visitors last week.

Pete Flebotte left the last of the week to spend the winter in the Eastern States where he will visit friends and relatives.

Mrs. Jim Williams and family attended the Youth for Christ services in Calgary on Sunday.

Miss Shirley Kennedy was a weekend visitor in Calgary.

Mr. and Mrs. Burnell of Calgary were Sunday visitors at the N. Flebotte home.

The September meeting of the Ensign Ladies' Aid was held at the home of Mrs. Cecil Matlock, Wednesday, Sept. 17, with 14 members and two visitors present. Roll call was answered by school day memories, after opening the meeting by singing "What a Friend We Have in Jesus." On behalf of the club, the president, Mrs. Matlock, presented Mrs. Oakes with a farewell gift which she suitably acknowledged. A contest arranged by Mrs. Eva Andrews was won by Mrs. Mary Haga. The raffle on the surprise box was also won by Mrs. Haga. A lovely lunch was then served by the hostess, assisted by Mrs. Harold Hansen.

Largest single construction job on the prairies is believed to be at Stevenson Field at Winnipeg where \$16,000,000 is being spent by the R.C.A.F. on new hangars and other buildings.

Alberta's farm income reached a record high of \$214,066,000 for the first six months of this year.

Mr. and Mrs. Hoyt Rainey and family of Calgary were weekend visitors at the home of Mr. and Mrs. Russell Hegland.

Mr. and Mrs. Earl Hegland and family have moved to town from their farm home and are living in the home formerly occupied by Mr. and Mrs. Walter Smith.

Mr. and Mrs. G. E. Stewart and family left on Sunday to make their home in Calgary. Mrs. Myrtle Patterson has purchased the house formerly occupied by them.

Frank Racher of Calgary was honored on the occasion of his 80th birthday, at the home of his son-in-law and daughter, Mr. and Mrs. W. J. Ellis, where his family gathered to wish him many happy returns of the day. Covers were laid for 25 dinner guests. Mr. Racher came to the Champion district in 1904, and homesteaded in this district.

Mrs. F. E. Lent and Mrs. M. P. Marshall of Calgary were Saturday visitors at the home of Mrs. Lent's son-in-law and daughter, Mr. and Mrs. A. E. Howerton.

F.O. R. MacLeod and Mrs. MacLeod and family left on Friday morning for Rivers, Man.

H. Bessette spent the weekend in Calgary.

Mr. and Mrs. Stan Boulstridge of Michel, B.C., are the proud par-

ents of a baby son, Keith Lavern, born on Oct. 2.

F.O. Harold Gilbert has been stationed at Ottawa, after spending some time in London, Ont.

Recent visitors at the home of Mr. and Mrs. A. D. Nelson were Mr. and Mrs. Fred Cox and their son and daughter and Mrs. Lily Rothney of Lowre Island, Que.

Mr. and Mrs. James Jordan and family have moved to town and are living in the house formerly occupied by Mr. and Mrs. J. Worthington. Mr. and Mrs. Worthington have moved to the MacLeod residence.

Mrs. Donald Clifford (nee Miss Lee Marie Howerton) was an honored guest on Saturday afternoon, when a large group of ladies of the town and district gathered at the Community Hall to present her with many beautiful gifts. The dining room of the hall was tastefully decorated in fall flowers, and a rainbow complete with pot of gold formed a background for the happy bride.

A group of young high school girls sang appropriate songs and Mrs. G. Davey and Mrs. George Ellis gave an amusing skit. The bride was assisted in opening the gifts by her mother, Mrs. A. E. Howerton and her grandmother, Mrs. F. E. Lent. After the gifts were opened a delicious lunch was served by the hostesses.

Miss Betty Stewart, who has received her diploma at Jacobson's Beauty Culture School, has returned home.

Mr. and Mrs. Albert Orcutt had as their guests last week, Mrs. Orcutt's aunt and uncle, Mr. and Mrs. Charles Pharis, of Blairmore and Mrs. Orcutt's cousins, Hilton and Max Pharis of Lundbreck.

Mr. and Mrs. Leonard Volsey are at the present time visiting in Calgary.

Mr. and Mrs. J. Pharis of Calgary are visiting at the home of their son-in-law and daughter, Mr. and Mrs. Albert Orcutt.

Miss Dora Schuler, who has been employed for the past several weeks at Lawson's Coffee Shop, was called away due to the sudden death of her aunt.

**But It's Fun**

(Didsbury Pioneer)

Getting out this paper is no picnic.

If we print jokes people say we are silly.

If we don't, they say we are too serious.

If we clip things from other papers, we are too lazy to write them ourselves.

If we don't we are too fond of our own stuff.

If we don't print contributions we don't appreciate true genius.

If we do print them we are told the paper is filled with uninteresting articles.

Now, like as not, some of our readers will say: "Ye gods they swiped this from some other paper."

We did!

Canada's 800 primary textile mills produce a dollar value of goods exceeding that of the annual wheat crop.

- Junior Matriculation or better — a University degree is an advantage.
- Junior Matriculants are eligible for a short service commission of six years duration — University graduates for a permanent commission.
- A selected number of personnel holding short service commissions are granted permanent commissions on a competitive basis, the remainder receive a substantial gratuity, on the termination of their engagement.

**Fall Management Of Forage Crops**

Most forage crops are perennials, that is, they live for several years, and this involves overwintering. Our winters are very severe, even on hardy plants, so crops should be managed to reduce winter killing to a minimum. Also plants entering into the winter in good condition will be early and vigorous in the spring.

Probably the most important item in fall management is the allowing of sufficient fall growth before freeze-up to replenish food stores in the crowns and roots. By this process, food material is stored in the crowns and roots in the form of starches, which, as the weather becomes colder, are transformed into sugars, vital in the process of winter hardening. Limited fall grazing may be permitted after the first frost because by this time sufficient root reserves should be present. However, care should be taken not to cause injury to crown buds, and enough growth should be left to hold the snow for winter protection.

By the same token, only relatively hardy crops should be seeded in the fall, and then seeding should be early enough that the seedlings get a good supply of root reserves. If seeding is not completed by mid-September, one may resort to late sowing just before freeze-up. This practice of late fall seeding is particularly applicable to the culture of Reed Canary Grass on spring flooded land. Crested wheatgrass is often seeded just before freeze-up.

In the hardening off process it is thought that the moisture in plants is combined with the plant protein to reduce the freezing hazard, and there is very little free moisture in the plant. Many exposed plant parts are killed or weakened in the winter by complete drying out at this time when insufficient water is available. A fall irrigation is thus useful for maintaining moisture around the roots and crowns, thus preventing desiccation or drying of these vital organs. However, excess water standing on the land is harmful, as it prevents normal aeration and respiration of the roots and may cause killing.

The removal of excess stubble or trash which may occur after seed production is a good practice, and should be done early in the fall, giving the crop time to recover. Such trash may harbor mice, diseases, or insect pests.

Canada is one of the few countries in the world which has standard gauge railroads across the country.

## District News

## KIRKCALDY

Weekend visitors at the home of A. J. Malsey were Mr. and Mrs. William Malsey and Bernie, Mr. and Mrs. Jim Kelly and Debra, all of Calgary.

Friends of Mrs. Jim O'Reilly are sorry to hear that she is confined to the local hospital.

Mr. and Mrs. William Hummel and son spent the weekend at Nobleford.

Mr. and Mrs. John Houlden and family of Turner Valley were weekend guests at the home of the former's brother-in-law and sister, Mr. and Mrs. U. G. Brinton.

Mrs. Mary Newsome of Calgary spent the weekend at the home of her son and daughter-in-law, Mr. and Mrs. Leonard Newsome, and at the home of Mr. and Mrs. Gordon Urquhart.

Mr. and Mrs. Andrew Kurtz and son of Lethbridge were weekend visitors at the home of the former's parents, Mr. and Mrs. A. Kurtz.

Mr. and Mrs. Morley Scobie and family spent Sunday with relatives at Cayley.

Miss Marion Munro of Calgary

spent the weekend with her parents.

Mrs. Harry LaRoche visited at the home of Mr. and Mrs. A. W. Malsey last Wednesday.

Donald MacKay and Miss Marion MacKay motored to Calgary on Saturday. Friends of Mrs. Donald MacKay will be pleased to learn that she is making satisfactory progress.

## BERRYWATER

Mrs. Carrie McIntyre spent a few days as the guest of Mrs. Frieda McRoberts in Vulcan last week.

Mr. and Mrs. L. Healy accompanied by the latter's mother, Mrs. Bagnall, who has been their guest for several weeks, motored to Calgary recently, from where Mrs. Bagnall left for her home in Toronto, Ont.

Miss Gladys Baden was a visitor in Calgary for a few days last week.

Mr. and Mrs. Clifford Evans of Calgary were overnight guests, Sunday, at the home of Mr. and Mrs. Frank Love.

Mrs. Elizabeth Sinclair of Vulcan spent a few days in Calgary last week.

A dinner was held Sunday evening at the Wilson Oldfield home, in honor of a number of friends from Ontario, who have been in the district for harvest operations, namely: Mr. and Mrs. Frank Meredith and Don, Mr. and Mrs. Gordon Campbell and Pam, Gordon McNulty, Eric and Gordon Hall, Jack Richardson and Lorne Gate. Mr. and Mrs. W. D. Campbell, and Mr. W. Durstan, Calgary and Reg. Campbell of Arrowwood were also guests for the occasion. Assisting with the dinner were Mrs. Archie Oldfield, Mrs. Stuart Campbell and Mrs. Ed Richardson. More than 30 guests in all sat down to dinner, which was much enjoyed.

Eric and Gordon Hall, Gordon McNulty and Jack Richardson left Monday morning for short visits at Calgary, Red Deer and Banff before returning to their homes in Ontario.

Mr. and Mrs. Gordon Campbell and Pam visited Monday at the Ed Richardson, W. and Archie Oldfield homes, leaving Tuesday for a visit with relatives in Calgary.

Mr. and Mrs. Bob Gerding and baby daughter, Susan, were visitors to Edmonton and Consort for several days last week.

Henry Carr of Devon is visiting at the home of his brother-in-law

## With The District Agriculturist

Hugh Michas

## The Case of Reduced Livestock Marketings

The current cattle and sheep marketing situation in Western Canada suggests that it would be most useful for every producer to give serious thought to the possibility of withholding from the market a maximum number of such livestock states H. J. Hargrave, Head of the Animal Husbandry Section of the Lethbridge Experimental Station. In recent years, he says, there has been a significant shift in the ages at which many cattle have been marketed. Operators who formerly sold two and three-year old steers

and sister, Mr. and Mrs. H. C. Douglass. Mr. and Mrs. James Phelan and daughter of Edmonton were also weekend guests at the Douglass home.

Mr. and Mrs. Howard Humphrey of Kamloops, B.C. were Saturday guests at the D. B. Smith home.

Mr. and Mrs. Lloyd Wickstrom and Chester of Calgary spent Sunday as guests at the Stan Wickstrom home.

Friends in the district will be pleased to learn that Mrs. D. B. Sim has returned home from hospital.

Mr. and Mrs. Tom Webber Jr., spent the weekend in Lethbridge.

Otto Heiler of Calgary was a visitor at the Jack Smith home at the weekend.

Ian Smith has changed from the University of Alberta at Calgary to the University of Manitoba at Winnipeg.

are now selling yearlings, and many yearling spreads have arrived at a cow and calf basis within the past two or three years. This appears to be an opportune time to carry the calves until they are yearlings and the yearlings until they are two's. This may also be the time to winter ewe lambs for additions to depleted and over-age breeding flocks rather than send them to the feed lots.

A half ton of hay or straw plus 5 or 6 bushels of grain will winter a calf in good condition. Slightly more feed maintains a yearling throughout the winter. If plenty of grass or crop aftermath is available considerably less feed per head will be required for a normal winter. If the outlook for grazing additional numbers next summer is not good, the possibility of putting cattle in the feedlot next spring could be considered.

A yearling generally weighs 300 pounds more than a calf, and a two-year-old weighs 350 pounds more than a yearling. If cattle are wintered exceptionally well these weight spreads will be even wider. If 15 or 20 dollars worth of feed will winter a steer and 10 dollars worth of grazing will do the summering, it looks like good business to carry the steer for another year even if prices remain as they now are.

A fortunate combination of circumstances including sound financial position, income tax structure, and an abundant supply of feed should enable most livestock producers to carry over additional numbers without serious dislocation of long-range plans. The present market outlook makes it appear that it would be sound business to hold back as many stock as possible this fall.

## ELNA IS HERE

## Opening Friday

(Above) Elna's own carrying case opens into a full-size sewing surface, fits right into the machine.

(Left) Take away the carrying case, and there's an extended bar with open space beneath it. You slip a sock over that OPEN ARM — and darn it in a fraction of the time it takes by hand! You slip cuffs, armholes over it — sew anything tubular as easily as a flat surface!

Own the First

ALL NEW Sewing Machine in 50 Years!

Elna looks different. It is different — new from the ground up, and designed not only to sew better and more easily, but to do all the household mending and darning jobs in a fraction of the time you've been struggling over them.

Elna mends torn fabrics in mere minutes, so expertly you can barely see the mend! Only Elna does this unbelievably perfect, almost invisible mending! It monograms. It embroiders. It sews backward and forward with the same stitch —

sews in ANY direction! Heavy bulky fabrics, soft, slippery sheer fabrics — Elna handles them all with perfect ease. It's a magnificent Swiss precision-built machine — so solidly constructed that it doesn't jiggle, doesn't vibrate — and it's SILENT. It's FULL-SIZED — but stores away in a small space. And it's beautiful besides — streamlined, graceful, good to look at — a soft green color.

Come in today for a free demonstration.

## Brief Items of Local Interest

Mrs. Wells and son, Don of Calgary motored here Tuesday to visit with Tom Houlton at the Vulcan hospital. They later had dinner with Mrs. Houlton and children at their farm home, before returning to Calgary.

Mr. and Mrs. Elwood Mensinger of Coultis spent the weekend at the Mensinger and Buehler homes here.

Mr. and Mrs. George Duffy of Nanton were Sunday guests at the Walter Mix home.

Mr. and Mrs. Roy Walker and Mr. and Mrs. Pat Walker motored to Calgary on Wednesday.

Friends of Mrs. J. Grant will be sorry to learn she is a patient in the local hospital.

Mrs. Marion Irwin has had as her guests for the past week her sister, Mrs. C. S. Davies and Mr. Davies, and another brother-in-law, Mr. T. Swirer all of Port Coultiam, B.C.

Mrs. Gertrude Purdy and three children of Calgary are at present at the home of the former's parents, Mr. and Mrs. H. Krause. Mrs. Krause has been confined to her home because of illness for some time, and Mrs. Purdy is caring for her.

Mrs. A. Scotney of Victoria, B. C. was a recent guest at the home of her son and daughter-in-law, Mr. and Mrs. N. Scotney.

Members of the Ladies Auxiliary to the Canadian Legion are reminded that the regular meeting will be held in the Legion hall, Wednesday evening, October 15.

Miss Edith Boose of Turner Valley spent the weekend at the home of her mother, Mrs. Mary Boose.

Mr. and Mrs. N. Dodson of Nanton were Vulcan visitors on Sunday.

Friends of Mr. and Mrs. Fred Woodman will be pleased to know that they motored to Calgary on Sunday to see their small daughter, Dore, who is now undergoing treatment at the Junior Red Cross hospital, following her recent attack of polio, and that the little patient is making steady and satisfactory progress.

Mr. E. G. Hansell left Sunday evening for Calgary where he is conducting a series of religious addresses this week.

Members of the Reid Hill W.I. are asked to remember the postponed meeting, that will now be held Wednesday, Oct. 16, at the home of Mrs. W. A. Fitzpatrick in Vulcan.

Friends will regret to learn that Mrs. L. Hammer is confined to her home because of illness. Miss Betty Hammer of Carmangay spent the weekend at her home.

Mr. and Mrs. J. Chapman accompanied by Miss Mae Kole motored to Calgary Saturday last where Miss Kole enrolled at the Alberta Bible College for the new term.

Mrs. M. R. Morrison, Mr. and Mrs. W. Shields and small daughter, Donald, have left for a holiday at Chatham, Ont. and other points enroute.

Friends of Frank Hess will be sorry to learn he is a patient in the local hospital.

Harold Ulmer of the teaching staff has been confined to his home with an attack of flu.

Mrs. Eunice Phillips of Calgary spent a few days recently with her son-in-law and daughter, Mr. and Mrs. Russ Lawrence.

Mr. and Mrs. Eric Deimert have left the district to reside at Medicine Hat for the winter months.

Friends of Ken Nickerson extend sympathy to him in the death of his mother, at Westlock. Mr. and Mrs. Nickerson will attend funeral rites there on Thursday.

Born to Mr. and Mrs. J. W. Deans of Calgary, a daughter, Jerri-Lynn, a sister for Jackie. Mrs. Deans was formerly Miss Joyce Dahl of Vulcan.

Mayor W. D. Allan was a guest at a formal luncheon tendered the Governor-General, Hon. Vincent Massey, at Lethbridge on Tuesday on the occasion of the Governor-General's official visit to that city.

Rev. and Mrs. J. Reuss and family of Fairfield, Idaho, have taken up residence in the St. Aldhelm's Anglican parsonage. Rev. Reuss will serve the Vulcan-Lomond Carmangay parish.

Rev. E. A. Justice of Calgary was a Vulcan visitor this week.

Mr. and Mrs. R. W. Simington of Calgary, accompanied by Mr. F. I. Simington, were business visitors to Vulcan the latter part of the week.

John Hunter, District Scout Commissioner, accompanied by Mrs. Hunter, paid official visits to Scout troops at High River, Black Diamond, Longview and Turner Valley on Sunday.

Members of the Lions Club are reminded of the work party to be held at the arena on Sunday, Oct. 12, at 10 a.m.

## WE WILL RE-OPEN

... this weekend, in the former Calgary Power Office across the street from our store, and will conduct our business in these temporary premises until our fire-damaged store is repaired and renovated. We will have a fresh stock of groceries for your requirements.

## FIRE SALE

Our water and smoke damaged stock of groceries will be placed on sale in the old Town Office early in the week. Greatly reduced prices—everything must be sold.
